# My Strong Kid story...

I just wanted to say thank you so much for all the hard work you do and for making Camp Kern such a wonderful and fun experience for my two boys. They had a great experience during the Kern Quest week. This was their first week away from home and I think they grew up a lot! They are already talking about coming next year.

I am especially grateful for the scholarship program. Without it, they would never have been able to have their awesome Camp Kern experience! Attending Camp Kern gave them a chance to have something a little extra special in their lives.

Thank you again for helping them have such a memorable experience.

—a grateful mother

## Building Strong Kids

We know first hand the important role YMCA programs play in building strong kids, strong families and strong communities. The YMCA accomplishes this goal by providing an atmosphere of positive asset building. These assets have the power, during critical youth and adolescent years, to influence the choices young people make and help them in becoming caring, responsible adults.

Today's kids are speaking and the YMCA is listening:

- "Try to understand me."
- "Help me act from my ideals."
- "Never give up on me."
- "Help me hope and dream."
- "Celebrate my uniqueness."
- "Tell me what's good about me."
- "Listen when I talk about the things that mean something to me."

Assets are something that every youth needs and deserves.

All kids want to be surrounded by people who care about them, support them, and build them up. The YMCA Extra Hands Financial Assistance program provides this opportunity through affordable programs and services.

Join us by giving a gift to the Strong Kids Campaign and by becoming our partner in building assets in today's youth... for a stronger tomorrow!
